WHOLESALE LIST

Terms

All stock offered in this list has been transplanted every two years. This stock has a wonderful root system and color of stock is exceptionally bright. We therefore invite you to inspect our stock before you buy elsewhere.

PRICES include balling, burlapping and packing. Stock shipped in carload lots or trucks will be allowed 5% discount from prices quoted in this list. Stock will be delivered to railroad or express station and after we have made delivery to same and received receipt for goods, stock will travel thereafter at the purchasers risk.

All offers are subjected to prior sale, shortage of crops or failure of same or any other causes beyond our control. We give no warranty express or implied and will not be in any way responsible for the results of planting or forcing of any plants, roots, or shrubs sent out.

While we take great care in not booking more orders than our stock warrants, we reserve the right of proportioning all orders if at the time of digging we find that shortages do exist.
